Cosmopolitan San Francisco is our gateway to the natural beauty of northern California and Oregon where nature still reigns supreme. The redwood forests, the Rogue River, Crater Lake, and the unspoiled Oregon coastline are American treasures that inspire awe in the beholder. Nature and man work together to produce the Portland Rose Festival in the "City of Roses."

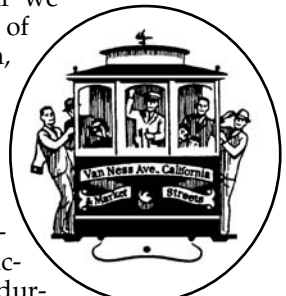

DAY 1 BAY CRUISE / FISHERMAN'S WHARF

We fly to San Francisco. After exploring Pier 39, a waterfront shopping and dining complex, we cruise around San Francisco Bay for close-ups of Alcatraz Island and the Golden Gate Bridge. We lodge two nights in the Fisherman's Wharf area where the piers, the amusements, the shops, the Bay, and the cable cars are all near at hand.

DAY 2 SAN FRANCISCO CITY TOUR

On our morning city tour we discover the many facets of San Francisco: Chinatown, Union Square, the Civic Center, Nob Hill, Seal Rocks, Golden Gate Park, Japanese Tea Gardens, and a view of it all from Twin Peaks. San Francisco's ambience and attractions are at our disposal during our free afternoon.

DAY 3 SONOMA / EUREKA

We drive north to Sonoma, one of California's prime wine-growing districts. We tour the cellars and tasting room of a Sonoma Valley winery then enjoy free time at historic Sonoma Plaza. We continue north on Highway 101 to Eureka, a port city that sports ornate Victorian mansions built by the lumber barons. One night's lodging in Eureka.

DAY 4 REDWOODS / CRATER LAKE CB,D

In Redwood National Park we see some of the world's tallest trees in one of their few remaining undisturbed habitats. To look up from the base of one of these gigantic trees is breathtaking. Then we cross the border into Oregon and drive to the crest of the snow-covered Cascade Mountains and Crater Lake National Park. We stay one night at the Crater Lake Lodge overlooking Crater Lake, enjoying the views of the lake in the evening light.

Crater Lake National Park

DAY 5 **CRATER LAKE / ROGUE RIVER JET BOAT** L

Crater Lake is the most beautiful volcanic crater in the world and America's deepest lake. We enjoy the views of Crater Lake in the morning light and drive along the rim road for additional vistas. Then we drive down the mountain to Grant's Pass on the Rogue River. Here we board jet boats for an exciting 36-mile ride through the narrow Hellgate Canyon. Osprey, beaver, otters, and raccoons are often seen. We lodge one night in Roseburg.

DAY 6 **SAND DUNES / OREGON COAST** CB

We reach the Oregon coast near the Oregon Dunes National Recreation Area where we learn about the sand dunes, then board a dune buggy for a fun ride on the dunes. At Sea Lion Caves we observe sea lions in their natural surroundings. The Cape Perpetua Visitor Center offers a film and exhibits about the development and ecology of the Oregon coast. One night's lodging in Newport.

DAY 7 **OREGON COAST / PORTLAND** CB,L

At the Oregon Coast Aquarium we see the marine life of the Oregon Coast from a 200-foot-long acrylic tunnel. Then we continue our drive along the prettiest scenery on the Oregon coast to Tillamook where we tour Oregon's most famous cheese factory. We then drive inland to Portland, Oregon's commercial and industrial hub located at the confluence of the Columbia and Willamette Rivers. We lodge two nights in downtown Portland.

DAY 8 **ROSE PARADE / COLUMBIA RIVER** B

We watch the Rose festival's Grand Floral Parade from our reserved seats. The flowered floats and polished bands create a memorable spectacle. Then we follow the Columbia River Scenic Highway past striking rocky cliffs and numerous lacy waterfalls including Multnomah Falls, Oregon's highest at 620 feet. Bonneville Dam is impressive and the Visitor Center's film, fish ladder, and exhibits are fascinating.

DAY 9 **PORTLAND GARDENS / FLIGHT HOME**

We visit two incredible gardens today. The International Rose Test Gardens covers 4.5 acres with over 550 rose varieties in full bloom. The Portland Japanese Garden is considered the finest Japanese garden outside of Japan. As we fly home from Portland we can look back on some of the world's most striking natural beauty that we saw between two great American cities.
